// interactive designer

---

## WORK EXPERIENCE

Interactive Designer  
Pyramid Communications / *Seattle, WA*  
June 2008 - May 2009

Worked under supervision from Senior Designer and to design rich interactive environments for clients such as KEXP, Washington State Mentors, and Evergreen Business Capital. Was responsible for art direction of marketing and event photography. Gained valuable design experience and direction as well as necessary marketing and client relation skills.

Web Designer  
Snapvine / *Seattle, WA*  
August 2007 – June 2008

Worked directly with marketing and development to design website enhancements, UI improvements, and future product planning for snapvine.com. Responsible for UI and product integration with partners: Vox, icanhazcheeseburger.com, and MySpace to provide a new and improved customer experience.

Student Web Designer  
IT Services / *Oxford, OH*  
January 2006 – May 2007

Designed and co-designed websites for various student and campus organizations. Learned valuable coding, design, and client relation skills.

Freelance Work  
Civilized Animals / *Seattle, WA*  
Summer – Fall 2007

Designed and developed a fully interactive website and branding for a local Seattle rock band.

Peel Interactive / *Seattle, WA*  
Summer 2007

Worked closely with creative director and lead developers to design and develop Flash websites.
